PROFESSIONAL SUMMARY

Virtual Assistant with 5+ years of remote administrative and data entry experience, including high-volume records management, multi-platform data verification, and process documentation for U.S.-based clients. Skilled in Excel, Google Workspace, and Microsoft Office, with a track record of building automations that cut recurring admin work by more than half. Reliable, independent, and comfortable working full-time on UK, US, or AU business hours.

CORE SKILLS

- High-volume data entry and records management: 50+ records processed daily across multiple systems
- Excel, Google Sheets, Microsoft Office (Word, PowerPoint, Outlook); built macros and automations to cut recurring admin work by more than half
- Multi-platform data verification and cross-referencing across up to 4 systems at once
- Document processing, digital filing, record audits, and quality assurance checks
- Scheduling support, templated correspondence, and vendor/facility coordination
- Comfortable learning new software platforms and internal systems quickly; strong written and verbal English communication

PROFESSIONAL EXPERIENCE

Virtual Administrative Assistant (Back-Office)

Nov 2023 - Jul 2026

Resident Eye Care Associates (dba RTR Eye Care Clinic); role ended due to a client-wide cost reduction, not performance

- Maintained and updated records daily across two internal systems, verifying status and demographic changes for 15-25 partner accounts.
- Performed 50+ data verification checks per day across four platforms to confirm accuracy before processing.
- Processed documentation including referrals, demographic updates, consent records, and dictation, entering corrections directly into records.
- Coordinated with outside facilities via templated correspondence to schedule and confirm appointments, and conducted record look-ups across facility files.
- Identified and resolved a records-update inefficiency by consolidating entry into grouped headings, and independently designed a redesigned client-facing flyer, adopted for ongoing use.
- Built three Excel, Outlook, and Word automations for schedule drafts, client notifications, and templated flyers; cut daily prep time from 3 hours to 1.

Subject Matter Expert / Assistant Team Leader

Nov 2022 - Oct 2023

Optum

- Promoted into a leadership-track role supporting new agents; trained and coached 10+ agents on documentation accuracy, supporting up to 3 teams.
- Monitored KPIs and built daily/weekly reporting trackers; reviewed and corrected documentation for compliance.

Customer Service Representative

Nov 2020 - Nov 2022

Optum

- Processed 30-50 inbound requests per day from providers, verifying eligibility and account details and entering case data into internal systems.

Product Researcher (Freelance)

Nov 2018 - Oct 2019

Amazon

- Conducted product and market research, entering and updating product data in Google Sheets for seller accounts.
- Created weekly reports on best-sellers and pricing benchmarks; suggested listing improvements based on search ranking performance.

CERTIFICATIONS & TRAINING

- Virtual Assistant Training: Ready To Round, 360MVA, VA Of The Future (2024). HIPAA Certified, Biologix (2024, renewed 2026).

EDUCATION

Bachelor of Science in Computer Engineering, STI College Surigao (Aug 2019)
